Spirits of the Abandoned is a visual adventure exploring the hidden photographic treasures that lie behind the shuttered facades of long abandoned buildings. Through light, color and texture these long forgotten and derelict structures come to life and tell their own stories.

If you have ever wondered what became of your favorite movie theater, or longed to know what was inside the securely locked and decaying building you pass each day, then the **Spirits of the Abandoned** exhibition will take you on a wonderful journey into the past.

The exhibition showcases historically significant abandonments from Delaware, Maryland, New Jersey, New York and Pennsylvania.
